1. Describe what the teacher does to capture and keep the attention of learners.

2. Describe what the teacher does to maintain order.

3. Describe what the teacher does to support the learning of learners.

4. List Internet sites and other sources where teachers found helpful pictures or lesson materials for different themes.

7.2 Effective learning environment observation sheet 2

Teacher's Surname: _____ Initials: _____

Years of teaching experience: _____ School: _____

Subject/ Learning area: _____ Grade: _____

Date: _____ Time: _____ Signature of teacher: _____

1. Describe what the teacher does to promote learners' good understanding of content.

2. Describe the questioning techniques used by the teacher.

3. Describe what the teacher does to manage the classroom well.

4. List the things that the teacher does to create a friendly and caring atmosphere in class.

8. School-Based lesson preparations

Prepare the number of lessons expected for your course (see on page 8/9) according to the format provided below. The lesson preparations should cover the different themes and subjects (CECE, DECE, DPPE and DJPE) or a number (page 5) per major subject (ACPE; BESP; ACSE; DE; DES; DSE). All the prepared lessons should be presented. A certain number of presentations (see numbers on page 5) should be evaluated by a senior teacher.

The lesson preparation differs from that used by government schools because you, as a student, are being trained to be a teacher and should know which different aspects are important for good lesson preparation.

8.1.1 An example of a Mathematics preparation in the Junior Primary phase, is as follows:

Subject	Lesson content	Resources + Integration	Learning Support and Assessment	Homework
Mathematics	Lesson objective (daily focus) Introduction: Teach/Demonstrate Activity: Conclusion:	<ul style="list-style-type: none"> Integration
